It strikes us as amusing that some of the newspapers and periodicals that are now so vociferously denouncing the New York Life and other insurance companies for having contributed to the Republican campaign fund in 1896 and 1900 were themselves in those years strenuously fighting Bryan—and doing it for a consideration. Does it ever occur to those high-toned periodicals that the money they then received for befuddling the public mind with lying arguments about "fifty-cent dollars" may have come from those very insurance companies?—Journal.

The conviction of United States Senator Burton of Kansas on all six counts of a felony indictment is a vindication of a American judicial methods. Burton accepted money to prevent the issuance of a fraud order by the Post Department against a St. Louis concern. It now remains to be seen whether the United States Senate will take steps to rid itself of a member like Burton. His term of office will expire on March 4, 1907, and it would appear to an unprejudiced eye that the Senate cannot afford to put up with his presence two years more.

There were three deaths from football playing on Saturday, yet the public does not seem to care. One death a year from prize-fighting is sufficient to place pugilism under the ban for months thereafter. "Strange such a difference should be, 'twixt tweedle-dum and tweedledee."

The Hargrove-Scott Case.
The jury in the case of Hargrove vs. Scott returned a verdict this morning, says the Elko Free Press. By it the plaintiff is given judgement for the sum of \$2000 for malicious prosecution.

According to the verdict the costs of the suit will fall upon the plaintiff Mr. Hargrove. Had the jury rendered a verdict giving judgement for more than \$300 the costs would have fallen upon the defendant.
